

Description

This is part of a series of ready-made activities to support students with their GCSE Arabic speaking exam (Pearson Edexcel exam board). Students match up some key phrases, practise their pronunciation and receive AI-generated feedback on it. The final activity will be that students listen to their teacher's pre-recorded questions, answer them in turn, using the 'Advanced Recorder' facility. They can also do this live in a lesson, listening to their teacher's questions and recording their answers into the microphone. All students' answers are recorded and automatically uploaded into the teacher's area, and the teacher can provide bespoke oral or written feedback to each student. Teachers find this an excellent way to give mock speaking exams in a time-efficient way.
